MEIJIA heavy duty trolley waterproof protective case Details

Easy To Open With Latches Design

Smarter and easier to open than traditional cases. Start the release and offers plenty of leverage to open with a light pull in just seconds.

The Security Keyhole

www.meiqitool.com

Anti-shear and anti-pry, and can be locked to ensure the safety of the equipments in the box. Beautiful and functional injection molded, durable use with the solide construction, and was reinforced by the stainless steel.

High Quality Auto Exhaust Valve

Solve the problem that the box can not be opened or deformation due to the difference of internal and external air pressure and keep water molecules out.

Portable Handle Design

Easy to go with our portable handle design. Ergonomic structure design to ensure beauty and comfort. Durable use with the solid construction.

Customizable Fit Foam Insert

Extremely well padded inside with the ability to cut the foam how you require; by making it to fit a particular object/item keeps them snuggly in place during transport.
